

RAINFOREST ADVENTURE

Intensive English Summer Camp Kazakhstan International School

Mission

The KIS intensive English summer camp program provides safe, fun, innovative, and high quality programs (English instruction) that lead children towards English language capacity, independence and leadership skills by stimulating intellectual, social, emotional, and physical development through age-appropriate enrichment and academic/recreational activities.

The theme for this year's IESC is "A Rainforest Adventure". Our camp will be expanding this year with more teachers, more native English language helpers and fluent speakers so that we will have a 1-5 teacher to student ratio. There will be classes for students who speak no English (Introductory), persons who speak some English (Intermediate) and for persons who want to become fluent in conversational English (Advanced). Children from age 5 through 16 may apply.

We also add 1 class for students who wish to learn Russian (Beginner) for this year. Space will be limited, so let me encourage you to sign your children up and encourage your friends to do so quickly.
